Mr. and Mrs. Geo. Woodward Jr. and son and Mr. and Mrs. Walter Overstreet and son, all of Madrid street, spent the week-end in San Diego, leaving 5 a.m. Friday and returning 5 p.m. Sunday.

SPOTLIGHTS ON SPORT

by JACK KEENE

FOR the first time in the history of the Olympic games, a woman may be pitted against a field of men in a major competition at the international classic next July. This was revealed recently by Coach William Bachrach of the Illinois A. C. water team.

According to Bachrach, a determined effort will be made by prominent Chicago sportsmen to obtain permission for Miss Sybil Bauer, of his club, to compete against the premier men backstroke swimmers in the Olympic events.

Miss Bauer is the only woman in the annals of sport who has beaten a world's record held by a man. She accomplished this feat for the first time in October, 1922, when she thrashed the 410 yards, backstroke, at Bermuda in 6 minutes 24.45 seconds. The previous world's record for this distance was 6 minutes 28 seconds, set by Harold "Stubby" Kruger in Honolulu, 1919.

Recently in the Roman pool at Miami Beach Miss Bauer, improved on her record by returning the remarkable time of 6:23 for the quarter-mile backstroke.

The rules of the Olympic games have been analyzed, and it is said there is nothing in them to bar women from any of the major sports.

THAT Americans may have been a bit headstrong in criticizing the gameness of Miss Suzanne Lenglen, French net star, on her visit to the United States is indicated by her performances in Europe last year.

After her defeat in the second tennis tourney at Cannes, because of a severe cold, Miss Suzanne Lenglen went to Nice and finished number one in the women's singles, first in the mixed doubles, and first in the women's doubles. All her victories were won with comparative ease, and critics state that her play was better than it has been for some time. The field against which the French star played was not exceptionally strong, but there were times when she met stiff opposition. In the women's singles she advanced without much effort, but in the women's doubles, in which she paired with Miss Haef-

ley, she was forced to extend herself in the final set to take the match. The mixed doubles did not cause much difficulty, although the scores were not as low as they were in the singles. Miss Hulbert finished second in the women's singles, with Mme. Neveu third and Mlle. Smalles fourth. In the mixed doubles Mlle. Lenglen was paired with Stooq and the second place team was Miss du Cross and Read.

THOSE interested in aquatics are pleased over the 220-yard breast-stroke swim in 3:26 2-5 returned by Miss Agnes Geraghty of the Women's Swimming association recently, writes L. DeB. Handley, noted swimming authority. In the past America's fair devotees of this style of swimming were outclassed by European rivals. Now it looks as if this country will be able to make a strong bid for laurels in the women's 300-metre test at Paris next summer. The best performance by foreign champions to date, in so far as known, are 220 yards in 3:20 3-5 by Miss Irene Gilbert of England, and 220 metres (218.72 yards) in 3:28 3-5 by Miss Marta Johansen of Sweden. As Miss Geraghty has improved her time for the furlong 16 2-5 seconds in the last four months, there is almost assurance she will beat 2:30 for this distance before the Olympic aquatic meet takes place six months hence.
